Paper Presentation Logistics at the Conference:

1. Papers will be read at the conference by the author within a 20 minute time frame.
2. There will be 5 additional minutes for Q&A.
3. Please arrive at your presentation room 5 minutes early and please plan to stay in your assigned room for the entire session.
4. 3 papers are assigned to each presentation room. The OCAMPR member who introduces the presenters will watch the timing and cue the author for when their presentation needs to wrap up.
5. Presenters will read their paper from the podium and take questions afterwards.
6. Paper presentations do not include slides / Powerpoint, but you may create a handout to distribute to the audience.
7. All presentations will be audio recorded. Those in the plenary room may be video recorded.
8. The conference schedule will be posted online and emailed to all presenters within 1-2 months prior to the conference. If you have a specific scheduling need, please contact us by Aug 1, 2023 .

****Note: After the Conference, papers can be written as a scholarly article and submitted separately to the OCAMPR Journal. However, going a step further and submitting to the journal is purely optional. These papers must be submitted according to the journal guidelines and will undergo a separate blind peer review process. Thus, it is possible that a paper that is accepted for a conference presentation may not necessarily be accepted for the OCAMPR Journal. Journal submission guidelines are forthcoming.***
