Presentation Logistics at the Conference:

- All presentation rooms are equipped with a TV screen and projector for powerpoint presentations.
- **All presenters must bring their own computers.**

- **All presenters should bring their presentation on a thumb drive as a failsafe back up. In particular, if you are using a Macintosh computer, you may need to use one of the available PCs instead.**
- Rooms are also equipped with HDMI cables to attach a PC to the projector and an adapter for Macs. It may be helpful to bring your own connectors.
- If for some reason you cannot bring your own laptop, please contact us at ocamprconference@gmail.com at least 2 weeks prior to the conference. We will have a limited number of computers available and will need to plan accordingly. This might change your presentation location.
- Please arrive at your presentation room 15 minutes early to get your powerpoint set up (if you have one) and ensure the tech is working properly. There will be an OCAMPR board member or volunteer to assist you.
- All presentations will be audio recorded.
- Please email your slides to us within one week after the conference, so that we can post them with the audio recording. Slides can be sent to ocapmrconference@gmail.com.
- The conference schedule will be posted online and emailed to all presenters within 1-2 months prior to the conference. If you have a specific scheduling need, please contact us by July 1, 2024 and we will do our best to accommodate.

****Note: After the conference, panels and workshops can be written up as a paper and submitted separately to the OCAMPR Journal. These articles must be submitted according to the journal guidelines and will undergo a separate blind peer review process. Thus, it is possible that a workshop that is accepted for a conference presentation may not necessarily be accepted for the OCAMPR Journal. Journal submission guidelines are forthcoming.***
